

7SGreen

**Reduce emissions.
Attract customers.**

The new carbon-neutral shipping
from Seven Senders.

7sgreen

Carbon-neutral shipping pays off.

The future belongs to companies that make an active contribution to environmental protection. Go carbon-neutral now and ship with 7SGreen. Your customers are asking for it. For just **3.5 cents** per shipment. **Make the change now!**

- 🌿 **7SGreen** offsets the transport-related carbon emissions of your shipments
- 🌿 With each shipment, you support certified **climate protection projects** to offset emissions
- 🌿 You receive an annual **certificate** outlining your saved carbon emissions – without any administrative effort
- 🌿 For your **communications and labels**, you will receive the 7SGreen logo

Convenient. Fast. Reliable. For 3.5 cents.

Send your shipments with 7SGreen now and impress your clients with your climate-friendly actions. Taking responsibility pays off!

7SGreen

Our Climate Protection Projects

We support **certified climate protection projects worldwide** to offset carbon emission. In this way, we improve the living conditions of the local population and invest in the local economy – and on top of that, **we protect our climate.**

Example projects:

Our selection criteria

- 🌿 Project certification according to leading internationally recognized CDM standards, such as **CER, CER Gold or VER Gold**
- 🌿 **Diverse** project and location portfolio in developing countries
- 🌿 Contribution to **sustainable development** in the project regions, through job creation, improvement of health care, technology transfer, etc.
- 🌿 **Measurable** reduction of carbon emissions
- 🌿 **Forestry projects** must ensure that the forests are established as carbon reservoirs

SEVEN SENDERS – 7SGREEN

**Make an active contribution.
For the environment. For your company.
